<p>University of Economics in Bratislava (UEBA) is a public research institution in the field of economics, management, business, international relations. It is the main university for education in these fields in Slovakia. UEBA has wide international network of partners, both in Europe and other regions of the world. Next to study programmes in Slovak, there are concise study programmes (including double and joint degree programmes) provided in English, German and French. Doctoral programmes are provided both in English and Slovak. UEBA is active also in the area of project cooperation, both research and education related.</p>

Experience in international cooperation (mobilities, projects, available study programmes in English language) -5 lines max.:			
<p>Our university has long history of successful international cooperation with various institutions mainly in the Europe however also in Asia. From last academic year we have started very successful cooperation with Chinese universities as well as with one Kazakhstan university. The main fields of our mutual cooperation is in enterprise economics and in public administration sector. From next academic year we are preparing new study programmes also in English language, for which we are searching for new partners with possibility of JMS programmes. Other international projects are connected with our study fields and include various summer school projects.</p>

International cooperation

The Faculty of Social Sciences participates in the ERASMUS+ programme and cooperates with more than 40 universities within Europe. The faculty cooperates with international organizations such as ESN, AIESEC, etc.

Within the agreements an exchange of information, publications, scientific and methodological materials, scientific and pedagogical workers and their scientific works is realized.

The conditions for the exchange of students and experience in the field of the development of methodology and for the development of cooperation in the field of distance learning have been created. The faculty organizes various lectures, seminars and excursions for the Slovak and foreign students as well.

Most of the ERASMUS + students incoming to our faculty are from Turkey and Poland. Our students have studied in Turkey, Germany, Poland, Spain, Lithuania, Latvia, Estonia, Croatia, Czech republic, Portugal, Romania, Finland, Belgium and other countries.

The faculty has prepared a proposal for the cooperation in the exchange of students and teachers with the Wenzha university in China. Our faculty participated at the Higher education fair which was organized by the EU and the Republic of Kazakhstan.

The cooperation with Serbia is the most active. Slovak teachers regularly contribute to the conference in Subotica that is annually organized by the Faculty of economics. We have deepened the cooperation with the Dostoyevsky university in Russia where our teachers can publish their articles. Every year our faculty organizes excursions in Slovak companies for MBA students of Westsächsische Universität in Zwickau, Germany.
